Foreign Languages: English (Native), Polish (Fluent), Spanish (Limited Working Proficiency)

PROJECTS

Event Tracker | *ReactJS, Google Maps API, TicketMaster API, HTML/CSS, Git*

Dec. 2023 – Present

- Developed an application using ReactJS to display nearby events
- Incorporated Google Maps API to display and accurately locate events on a map
- Used TicketMaster API to filter and search for nearby events
- Implemented a function that enables users to click on pins to view detailed information about each event

Melody Match | *Spotify API, MongoDB, ReactJS, HTML/CSS, Git*

Nov. 2023

- Developed a full-stack web Tinder-style application that matches users on music tastes
- Implemented Spotify OAuth to get listening data from user's accounts
- Utilized MongoDB to store user data and display emails after matching
- Engineered an interactive swiping interface with HTML/CSS for users to easily approve or reject other users, mimicking the Tinder Yes/No swiping feature

EXPERIENCE

Web Developer and Event Organizer

August 2022 – Present

Leaf of Hope Foundation

Boston, MA

- Designed and developed an online art portfolio, featuring user-friendly navigation and e-commerce functionality for art browsing, purchasing, and donations
- Successfully organized three art showcases, including a major event at Artists for Humanity
- Led fundraising efforts that raised over \$53,000, directly contributing to the support of the First Medical Union in Lviv, Ukraine

CFO & Cofounder

Feb. 2022 – May 2022

Tota

Boston, MA

- Co-founded Tota, producing sustainable tote bags in collaboration with charities and independent artists, significantly contributing to eco-friendly practices
- Managed company finances, implementing cost-saving strategies that reduced operational expenses by 24%
- Developed and presented an annual report; successfully pitched the business concept to judges at various competitions
- Awarded the Delta Airlines Social Impact Award and secured 2nd place in the Junior Achievement Regional Pitch Competition
